Isobar Australia
March 2013 – Nov 2017
Designation: Senior Front-End Developer
For the past 4+ years I have been developing pixel-perfect websites for Isobar, Australia's largest (and award winning) digital creative & technology agency. Isobar is the Campaign's Asia Pacific Digital Network of the Year 2016, and AdNews Digital Agency of the Year 2015 & 2016. During my time here, I've been involved in building the best platform and some amazing responsive websites.

➢ **Dulux.com.au**

- The biggest AEM build undertaken at Isobar till date with React and Redux build on the front-end.
- Working with cross functional teams across 4 countries to deliver a massive project.

➢ **ACU Campaign Site**

- Used static site generators and contentful on acucampaigns.com.au

➢ **ANZ.com.au Redesign**

- Full responsive redesign of ANZ.com.au with AEM. Also delivered a fully functional pattern library.
- Working offsite, liaising with multiple sub-contractors and rebuilding the calculators were the highlights

> - **Other projects**

- More AEM work with MediBank OMS systems, Holden homepage refresh with Vue.js
- Porter Davis, Quest, South32 are some of the other projects I was mainly involved in
